SV9300

COMMUNICATIONS SERVER

Smart communications for small and medium businesses

The UNIVERGE SV9300 Communications Server is a robust, feature-rich, Unified Communications solution that is ideal for small and medium-sized businesses. With its fully integrated Unified Communications capabilities the SV9300 will empower your users, allowing them to communicate in new and exciting ways. A complete solution with video and audio conferencing, messaging, directory, presence, contact centre, soft phones and mobile clients.

The UNIVERGE SV9300 offers:

- > A powerful IP communications platform with integrated Unified Communications and mobility.
- > The ability to seamlessly mix and match IP telephony and traditional services.
- > An easy to use web based management tool for day to day moves, adds and changes.
- > Integration to existing corporate directories to allow automatic provisioning of phones and UC features.
- > Stackable chassis architecture, designed for both head-office and multi-site deployments.
- > Advanced survivability options for business continuity.

The SV9300 will grow with your business.

The SV9300 meets all your communications needs.
